REPORTS & KPI'S

BENEFITS:

INTEGRATION

Whether it is point in time status reports on incidents, training or action; monthly key performance indicators for lost time or incident frequencies; or our unique daily metrics giving you real time rate of change in your organisation, Effective Reports & KPI's module integrates with all our safety modules.

ACCESSIBILITY

Access to real time reports at any given time. Give your System administrators access to view reports they need to see. The Reporting and KPI module gives users control of what they want to see through our user friendly report filters. Allow our Reporting module to automatically generate your reports in a graphical or Excel output.

FLEXIBILITY

The Reporting module gives you the option to choose from a multitude of reports ranging from anyone of our system modules. Easily refine what information you want to generate by using our user friendly filtering. This allows user to define exactly what they need to see at the click of a button, cutting time and costs on researching and digging into their data.

COMPREHENSIVE MODULE OFFERING

Reports & KPI'S is just one of 19 product modules that are available. Whatever your industry sector, whatever your challenge, Effective's comprehensive range of product modules is sure to provide you with the tools to streamline your entire health and safety procedures.
