CoSHH
REDUCE THE RISKS ASSOCIATED WITH WORKING WITH HAZARDOUS SUBSTANCES.
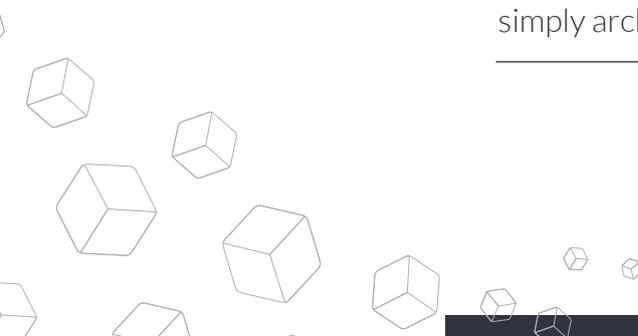

effective SOFTWARE
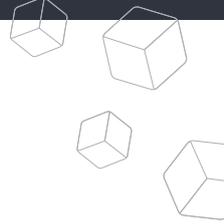

MAIN DESCRIPTION:

Ensuring your employees are safe while working with hazardous substances is extremely important but it can also be demanding trying to manage all the paperwork. The Effective CoSHH module helps you manage the assessments across different locations and projects from one place. The CoSHH module communicates with other modules within the system, to help you build and create an assessment quickly.

You can add checklists, team members, PPE, and chemical information safe in the knowledge that you are working with the latest information, all accessed at the click of a button. Once created, the system allows you to share and manage CoSHH risk assessments throughout your organisation, you can send them digitally or print off the PDF copies, saving you time and keeping everything in one place.

KEY FEATURES:

> Task or substance based CoSHH risk assessments.

> Utilise assessment templates to minimise repetition and save time.

> Create and track action plans arising from your assessments.

> CoSHH module communicates directly with Audits, PPE, People and Chemical modules to copy information across efficiently.

> CoSHH Assessment questions are completely user configurable.

> Live assessments are available to view and access; when finished with them simply archive – they will always be available to retrieve if ever required.

COSHH

BENEFITS:

FLEXIBILITY
Fully user configurable, you can create all your CoSHH assessments templates to fit with your organisation's needs. Our team will work with you to ensure the system is set up to best match your processes while ensuring you have the ability to edit and update any of the configurable settings.

INTEGRATION
The ability to integrate with other modules in the system means you are working with the latest information available, without having to go searching through files or tracking down colleagues.

ACCESSIBILITY
You can view and access all the CoSHH assessments across the entire organisation from one location. Whether the assessment is a draft, live or archived, all CoSHH assessments and associated information is stored in the system and never deleted or removed.

COMPREHENSIVE MODULE OFFERING
CoSHH is just one of 19 product modules that are available. Whatever your industry sector, whatever your challenge, Effective's comprehensive range of product modules is sure to provide you with the tools to streamline your entire health and safety procedures.
