BENEFITS:

INCIDENT

EFFICIENCY

Reporting incidents efficiently and ensuring you have all the right information at the right time is one challenge faced by many companies. Effective ensures your staff can report incidents from anywhere by simply using the online report book. Immediate notifications to key administrators and investigators means you can make sure right then and there the information is complete and relevant.

FLEXIBILITY

Completely user configurable, our team will work with you at implementation to ensure the system is set up to best match your process and workflow, while ensuring you have the ability as administrators to edit and update any of the configurable settings. This means a change in process does not mean you need start again with a new development project.

REPORTING

Understanding your organisations training statistics and KPI's gives you the power to ensure your employees are trained correctly, reduce lost time and ensure a safe and secure working environment. Effective allows you to move away from reactive reporting with instant data and statistics providing the tools to proactively change behaviour.
