

# WORKSTATION FAST, EFFICIENT WORKSTATION ASSESSMENTS.

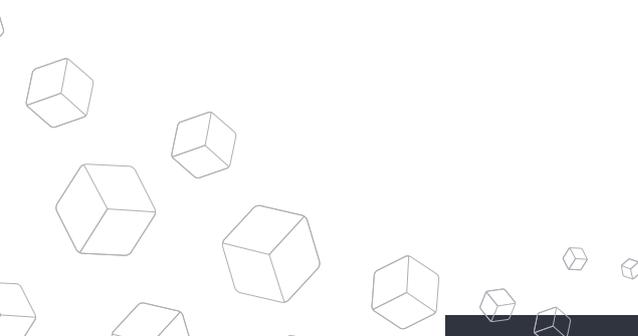

## MAIN DESCRIPTION:

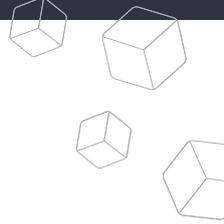

Employees who spend considerable time at their workstation or using display screens require specific risk protection. Effective's Workstation or Display Screen Assessment module is a smart and flexible system for creating forms, assigning tasks and monitoring assessment activity in order to help create a zero harm safety culture. Whether you choose our pre-defined templates or create your

own, Effective gives you the ability to assign DSE self-assessment schedules to all of your any employee. Our DSE module allows your employees to complete the assessments online and submit them for review. Administrators can then review and approve assessments with the ability to raise actions as required.

## KEY FEATURES:

- > Fully configurable DSE assessment forms.
- > Easily assign any employee a DSE self-assessment.
- > Track completion and compliance on one or multiple assessments (e.g. home & office).
- > Create and manage all actions arising from DSE reports.
- > Review, manage and archive submitted Reports.
- > Unlimited DSE users.

## BENEFITS:

### FLEXIBILITY

Fully user configurable, you can create all the templates you need in our easy to use template editor. Schedule reports to specific users or make them available for anyone to use directly from their own device. Our team will work with you to ensure the system is set up to best match your processes while ensuring you have the ability to edit and update any of the configurable settings.

### DELEGATION

Give every employee the ability to complete their own DSE assessment. All assessments are then sent to key administrators who will approve and raise actions from a submitted DSE. This empowers your staff to promote a safer workplace.

### ACCESSIBILITY

All your DSE assessments can be stored and tracked in one place. With centralised tracking, our system simply allows key users to access any DSE record and actions created.
